LUXURIOUS STEAM FOR YOUR HOME

The benefits of steam bathing go back to ancient Greek and Roman times where steam-filled rooms were used for relaxation and cleansing. Saunacore's advanced steam and sauna products bring the health and wellness benefits back into your daily life. Their stand out technology enables you to create your own steam bath experience by incorporating steam into any shower or bath.

SAUNACORE™

Saunacore has been in the sauna industry since the early 80's. With years of producing an extensive line of quality products, we have become one of the largest manufacturers of our kind. Although headquartered in Toronto, Canada, our products are now found around the globe thanks to an increasing number of global clients and dealers.

Our family run business has been built on ensuring high quality products and highly competitive prices but what we value most, and is core to our business model, is customer satisfaction. Based on client feedback, we believe Saunacore products are of outstanding quality, are durable and safe... we pride ourselves on this.

Please take a look at our products and compare them to our competitors. We at Saunacore know you will see the difference. We believe our standard of quality and workmanship is unbeatable.

Above all, we would like to take this opportunity to thank all our customers who have helped make Saunacore the success that it is today... it only happened because of you.

Generator Features

Factory installed automatic flush

Quick and continuous steam

3 level water sensing operation of boiler tank

Super quiet operation and fresh water after every use

Serviceable heating elements

State-of-the-art electronic steamer operations circuit board

Stainless steel exterior body

Steam room temperature sensor

Industrial stainless heating elements

Compact design and minimal water usage for steam

Brass intake and drain valves

Elegant steamheads with aroma oil reservoir

ASME Pressure release valve

Various aroma essential oils available

Limited lifetime warranty

Stainless steel boiler tank

Steambath Generators

Sizing & selection

Measure the length, width and height (in feet) of the steam shower. Multiply the three measurements together to get the basic volume in cubic feet. Steam room suggested height to be maximum 8ft.

$$L \times W \times H = \text{CUBIC FEET} \times \% (\text{wall finish})$$

Ceramic Tile = 130%

Natural Stone = 200%

Fiber Glass / Acrylic = 100%

Steam Line 50ft+ = 120%

Glass Block Wall = 110%

Steam Line Subject to Freezing = 125%

Glass Wall = 110%

A ceramic steam shower with the dimensions 7ft length by 5ft wide and 7ft high, is 245 Cubic ft.

$7 \times 5 \times 7 = 245$. Since the shower has a ceramic tile wall, it then requires a **30%** cubic footage increase.

$245 \times 0.30 = 73.5\text{ft}$

The ceramic cubic feet is then added to the original dimension to calculate the total cubic footage.

73.5 (ceramic) + 245 (steam space) = **318.5 ft**

Now select the next size of Steamcore model generator which exceeds the calculated room cubic feet. In this case the **SC-375** (9000 watts) generator is required. If there is doubt in size, it is recommended to choose the next larger size.

Durability

Industrial incoloy 800 series or stainless elements.

Elements are more corrosive-resistant than copper.

Insulation is used to insulate the boiler tank, making the machine more efficient and, in turn, keeping the exterior body of the unit cool to touch.

An "Auto Flush" and "Auto Rinse" are located at the lower side of the tanks and helps reduce from buildup of limestone and calcium, and fresh water, clean steam every time.

Dual tank and boiler is made with Stainless Steel.

The exterior body is stainless steel.

Boiler is tick-welded to prevent any kind of leaks.

The exterior body is built with louvers for air circulation.

Brass Filling/Drain solenoid valve.

Water connection: 1/2"

Modular "snap-in" connections.

Full port drain valve.

Electronic 3 level water control system.

Shielded control cable minimize electro interference from other electrical wires.

Benefits of steam bathing

Relieves pain and stiffness from arthritis.

Beautifies, cleanses, clears skin and complexion.

Helps to burn calories and lose weight.

Sharpens senses.

Boosts immune systems.

Eliminates harmful toxins trapped in the skin.

Relieves stress and anxieties.

Revitalizes the mind and body.

Energizes the body.

Moist heat opens the pores of your skin leaving it soft and supple.

Improved breathing and sense of cleanliness.

Feel refreshed, revitalized and rejuvenated.

Improves cardiovascular system, breathing and adds a sense of purity.

Removes impurities from the body through natural perspiration.

Relieve tired and aching muscles as heat soothes the body.

Aroma oils will enhance your steambath experience.

A warm shower will promote a good nights sleep.

Feelings of relaxation and rejuvenation.

Safety

As commonly accepted in the medical field for sanitary objectives, Steamcore™ uses stainless steel boiler tanks to avoid oxidization or corrosion.

Steamcore™ has a dual built-in "High Limit" which prevents the unit from overheating.

Steamcore™ units use three levels of water sensors (stainless steel probes) to prevent the unit from activating the elements without water and to intake minimal water to create steam.

Insulation is used in the steam generator for fireproofing safety.

All Saunacore™ products are approved to CSA, UL and CE standards. Best of all, you can be ensured that you'll receive a product that you can trust and rely on thanks to our high quality and performance.

Low voltage controls and Serviceable heating elements.

Dual drain on large units (manual and auto).

Installation components

Built-in magnetic contactor when required.

All steam bath generators have steam heads with aroma oil reservoir.

Solenoid with a strainer.

Filtration or softeners are not required for installation.

Steamcore™ is functional and durable even in hard water.

Steamer runs super quiet.

'Elegance' 3/4" thread steam heads with aroma reservoir (variety of finishes).

Easy on-site service

Steamcore™ units make it easy to test any components.

Our silver solder elements are bolted into the tanks, making them easy to service.

All components can be serviced or tested on-site.

Limited lifetime warranty on generator

Steam Packages

SAUNACORE™

Standard Control Package

The Spa II's durable, high-quality design ensures longlasting performance and our high-quality components assure a high level of reliability for many years of use.

Includes

The Saunacore™ Standard Control Package includes the essentials for a beautiful and effective steam shower. Choose between round or square models of shower controls and steam heads, available in chrome, brushed nickel, and polished nickel. Each set comes with two steam heads, and the steamhead control cable. Generators and pans are sold separately. Consider adding Saunacore™'s multicolour lighting for added health benefits. Suitable for residential and commercial use.

HEALING BENEFITS OF COLOUR LIGHT THERAPY

WHITE: aids SAD (Seasonal Affective Disorder), represents natural day light.

RED: raises blood pressure, and releases adrenaline. Red is beneficial for many blood disorders, anemia, glandular fever, and also for numbness. Red signifies energy, passion, enthusiasm, vitality.

ORANGE: aids digestion and the metabolic system. Orange signifies joyfulness, warmth and happiness.

VIOLET: is a whole-body cleanser or purifier. Helps promote healthy sleeping patterns. Violet signifies spiritual awareness, meditation, and healing intuition spiritually.

BLUE: thought to reduce blood pressure, and many throat problems with tonsils, and laryngitis. Therapeutic for toothaches, sneezing, sun burns, and insomnia. Blue signifies deep inner peace, calming, relaxing, and serenity.

YELLOW: beneficial for certain nervous disorders, diabetes, jaundice, and liver ailments. Yellow signifies mental energy, creativity, concentration.

GREEN: beneficial for heart conditions, such as angina, and chest conditions, like bronchitis and claustrophobia. Green signifies balance of thoughts, healing, and feelings.

Spa II Series Steambath Generator Limited Warranty

Saunacore warrants these products to be free from defects in material and workmanship and agrees to remedy any such defect. This warranty does not apply outside the boundaries of the United States, Canada, or any product which in our sole opinion has been improperly installed, or subject to willful abuse, misuse, alteration, and shipping damages during the period of coverage.

Postage and handling charges of the product to and from Saunacore for warranty repairs and for any related charges for the installation / removal of these products are NOT included in your warranty. Warranty service can be obtained by sending your product to Saunacore.

Warranty repairs must be done only by Saunacore. Proof of purchase and a serial number of the product will be required before any services are performed. Warranty applies only to the original consumer purchaser, warranty is non-transferable.

For warranty repair, the steam generator must be returned to Saunacore with an Return Materials Authorization # and is to be obtained by the original consumer purchaser and must be shown on all correspondence and packing, without this RMA # returns for repairs will NOT be accepted.

Controls & Cables: One Year Parts and Labor

Steam Generator Only: One Year Parts and Labor

Second Year to Fifth Year Warranty Claim fee (admin/deductible Fee) Applies \$150.00

Steam Generator Components:

- Continuing after First Five Years of original consumer purchase date.
- Components Only Coverage
- Components Warranty (excluding auto drain, control, and cables) provided the original consumer purchaser agrees to pay all labour costs/fees incurred in connection with such repair.
- Warranty work will be performed when the steam generator is returned to a designated Saunacore location with a RMS number.

Warranty does not cover damages caused by Calcium, Lime Stone build up or corrosion to the components to the steam generator.

Technical Assistance Email:

If you require technical assistance please send an email to: assist@saunacoreproducts.com

You must include clear photos of the SAUNACORE NAME PLATE (that contains serial #, model, voltage), proof of purchase and any added plumbing / electrical photo of your Saunacore product.
