LUXURIOUS STEAM FOR YOUR HOME

The benefits of steam bathing go back to ancient Greek and Roman times where steam filled rooms were used for relaxation and cleansing.

Saunacore's advanced steam products bring the health and wellness benefits back into your daily life. Their technology makes it easy and affordable for you to incorporate steam bathing into any shower.

Saunacore believes every steam generator should be equipped with an Auto-flush to prolong its life, and therefore include it at no additional cost with every generator.

GENERATOR FEATURES

*Factory Installed Autoflush
At no additional cost*

1

ASME Pressure Sensor

6

2

Quick and Continuous Steam

7

*Easily serviceable
heating elements*

3 Level Water Sensor

3

Limited Lifetime Warranty

8

4

Super Quiet Operation

9

*Stainless Steel Boiler
Tank & Exterior*

Fresh Water after every use

5

*Compact Design with
Minimal Water Usage*

STEAMBATH GENERATORS

SIZING & SELECTION

Measure the length, width and height of the steam shower (in feet). Multiply the three measurements together to get the basic volume in cubic feet. Keep the height to a maximum of 8ft if possible.

Add to the cubic feet according to the following information to determine total wattage required.

$$L \times W \times H = \text{CUBIC FEET} \times \% (\text{wall finish})$$

Ceramic Tile + 30%

50ft+ Steam Line + 20%

Glass Wall/ Glass Block Wall + 10%

Exterior Wall (subject to freezing) +25%

Natural Stone + 100%

A steam shower with the dimensions of 7ft length by 5ft wide and 7½ft high, is $7 \times 5 \times 7.5 = 262.5$ cubic ft

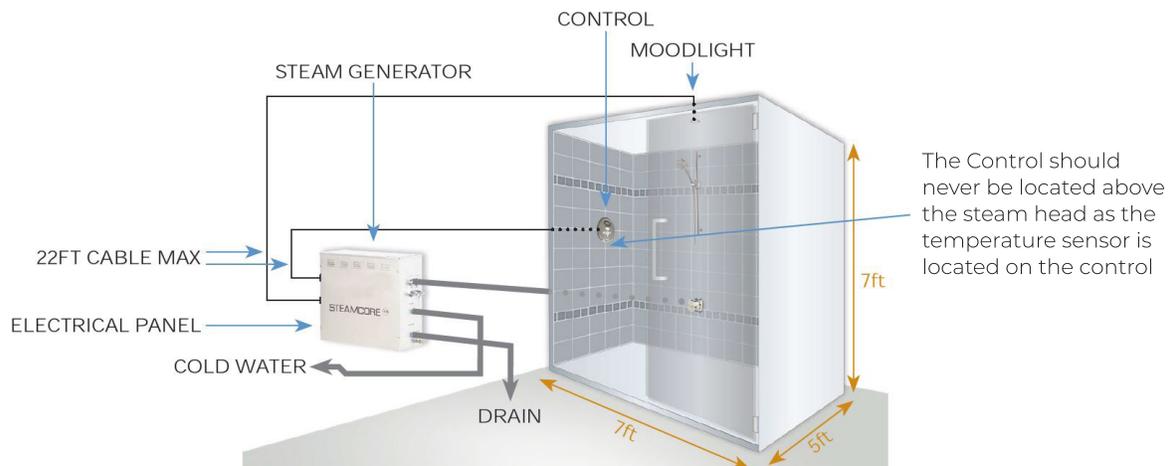

If the shower has ceramic tile on the walls, and 1 exterior wall, it requires the following increases in cubic footage:

$262.5 \times 30\% = 78.75\text{ft}$ (for ceramic tile)

$262.5 \times 25\% = 65.625$ (for exterior wall)

$262.5 + 78.75 + 65.625 = 407 \text{ ft}^3$

Based on Max Room Volume in chart on next page, a 10.5kw Unit is Recommended

RESIDENTIAL SERIES

Code	Max Room Volume (ft ³)	kW	Amps	Voltage/Phase	Steam Line	Steam Heads	Dimensions	Weight (lbs)
KWS6	66 - 175	6	25	240V-1PH	3/4"	1	18.3"L x 13.2"H x 6.14"D	20
KWS7.5	176 - 250	7.5	31.25	240V-1PH	3/4"	1	18.3"L x 13.2"H x 6.14"D	20

+ Based on AWG ratings, local electrician must follow regional electric code guidelines.

* Requires two 3/4" diameter steam lines, and includes 2 steam heads

PACKAGE OPTIONS

STANDARD SSIII

The Standard Saunacore package includes the essentials for a beautiful and effective steam shower. It includes a Black LCD Controller, square steam head in a variety of finish options, as well as all control cables. Consider adding the multicolour LED light for added health benefits, or a drip pan for added peace of mind.

DELUXE SSB

The Deluxe Saunacore package includes 2 Marine grade speakers, a clear LED light and the SSB Controller which features the latest technology of fingertip control to the shower's steam production, audio system, lighting and more. With Wifi and Bluetooth built-in, you can play music from your smartphone and listen as you shower while your device stays dry in another room. You have the choice between a black or white LCD Control screen, as well as round or square steam heads in a variety of finishes.

STANDARD SSIII PACKAGE

FEATURES

LCD In Shower Black Keypad

Built In Temperature Sensor

Clear LED light activated from the keypad

All components, such as speakers, keypad, and clear light come with 28ft extension cables for easy placement in steam shower or bathroom area.

One of the most reliable and advanced steam generators on the market that is CSA Certified

! ATTENTION! Avoid bending or damaging the pins inside the control cable. Make sure the arrows on the male and female ends are lined up and **DO NOT TWIST!**

1 = Power On/Off

HOW TO ORDER

1. Indicate Generator Code (i.e. SLS-9)
2. Indicate Finish of Steamhead:

CH = Chrome
BN = Brushed Nickel
BL = Black

WH = White
MB = Matte Black

example

SLS-9 MB

*Corresponds to a 9kw Generator with
 Matte Black Square Steamhead*

OPTIONAL ADD ONS

SC-CLED	Upgrade to a Multicolour LED Light*	\$145
SC-DRIPPAN SS	Drip Pan for 6-18kW	\$525
SC-AROMA2	Double 1L Aroma Tank*	\$2250
SC-LED	Additional Clear LED Light*	\$350

*Factory installed. Must be included in the original order and cannot be added later.

DELUXE SSB PACKAGE

FEATURES

5 User Mode Setting
 Auto-Power on (7 Day Setting)
 LCD In Shower - Ultra Slim Keypad
 Built in Temperature Sensor

 Bluetooth technology to connect to any smart device to listen to music with the supplied marine grade speakers and extension cables

 Easy Wifi plug and play module box

 Clock display while in standby mode. User sets date and time.

 Clear LED light activated from the keypad, with option to upgrade to a Chroma Colour LED Light

 All components, such as speakers, keypad, clear light, and chroma colour light come with 28ft extension cables for easy placement in steam shower or bathroom area.

 One of the most reliable and advanced steam generators on the market that is CSA Certified

INCLUDES

LCD CONTROL

BLACK **OR** WHITE

STEAMCORE™ SSB Controller features the latest generation of control panels that provide fingertip control to the shower's steam production, audio system, lighting etc. With Bluetooth streaming built-in, you can play music from your smartphone (Android, Galaxy, iPhone, iPad, etc.) and listen to it as you shower, while your device stays dry in another room!

SSB-15	15kW kit	\$6050	\$6310
SSB-18	18kW kit	\$6195	\$6455

HOW TO ORDER

1. Indicate Generator Code (i.e. SSB-9)
2. Indicate Control Pad Finish (WH= White, BLK=Black)
3. Indicate Shape of Steamhead (RD= Round, SQ=Square)
4. Indicate Finish of Steamhead:

CH = Chrome
BN = Brushed Nickel
BL = Black

WH = White
MB = Matte Black

example

SSB-9 WH RD CH

Corresponds to a 9kw Generator with White Control panel, and round chrome steamhead.

OPTIONAL ADD ONS

SC-CLED	Upgrade to a Multicolour LED Light*	\$145
SC-DRIPPAN SS	Drip Pan for 6-18kW	\$525
SC-AROMA2	Double 1L Aroma Tank*	\$2250
SC-LED	Additional Clear LED Light*	\$350

*Factory installed. Must be included in the original order and cannot be added later.

OPTIONAL ACCESSORIES

AROMATHERAPY

DOUBLE 1L TANK MODEL HOLDS TWO TANKS OF THE SAME AROMA, MEANING LESS TIME SPENT REPLACING EMPTY TANKS.

SC-AROMA2 \$2250 Double 1L Aroma Tank

CHROMATHERAPY

CHROME RIMMED LED LIGHTS

SC-CLED \$495 Multicolour Light

SC-LED \$350 Replacement Clear Light

Consider upgrading your included clear LED light to a multicolour light with healing benefits for \$145

DRIP PAN

STAINLESS STEEL PAN

SC-DRIPPAN SS \$525

For 6kW-18kW Units

EXTENSION CABLES

SC-CABLE.SPK \$195 28ft speaker cables (set of 2)

4" MARINE GRADE SPEAKERS (SET OF 2)

SC-SPEAKER CH \$160 Chrome Covers

BLUETOOTH CIRCUIT BOARD

SC-BLUETOOTH \$650

INCLUDES ABS HOUSING

TRANSFORMER BOX

12V/120V TRANSFORMER BOX FOR CLEAR LIGHTS

SC-TRANSFORMER \$175

HEALING BENEFITS OF COLOUR LIGHT THERAPY

WHITE: aids SAD (Seasonal Affective Disorder), represents natural day light.

RED: raises blood pressure, and releases adrenaline. Red is beneficial for many blood disorders, anemia, glandular fever, and also for numbness. Red signifies energy, passion, enthusiasm, vitality.

ORANGE: aids digestion and the metabolic system. Orange signifies joyfulness, warmth and happiness.

VIOLET: is a whole-body cleanser or purifier. Helps promote healthy sleeping patterns. Violet signifies spiritual awareness, meditation, and healing intuition spiritually.

BLUE: thought to reduce blood pressure, and many throat problems with tonsils, and laryngitis. Therapeutic for toothaches, sneezing, sun burns, and insomnia. Blue signifies deep inner peace, calming, relaxing, and serenity.

YELLOW: beneficial for certain nervous disorders, diabetes, jaundice, and liver ailments. Yellow signifies mental energy, creativity, concentration.

GREEN: beneficial for heart conditions, such as angina, and chest conditions, like bronchitis and claustrophobia. Green signifies balance of thoughts, healing, and feelings.

PRO-SERIES GENERATORS

The Saunacore Pro-Series models of steam generators feature the highest quality components and backed by years of proven reliability. Each unit is carefully inspected and mechanically tested to provide unsurpassed performance. Unique engineering innovations ensure that any Steamcore model will meet the needs of almost every type of high-traffic steam room.

FEATURES

Surgical Stainless Steel boiler Tank

Industrial large diameter low density incoloy heating element

Automatic Rinse and Flush operation
Factory installed

Elegance Steamheads with aroma oil reservoir

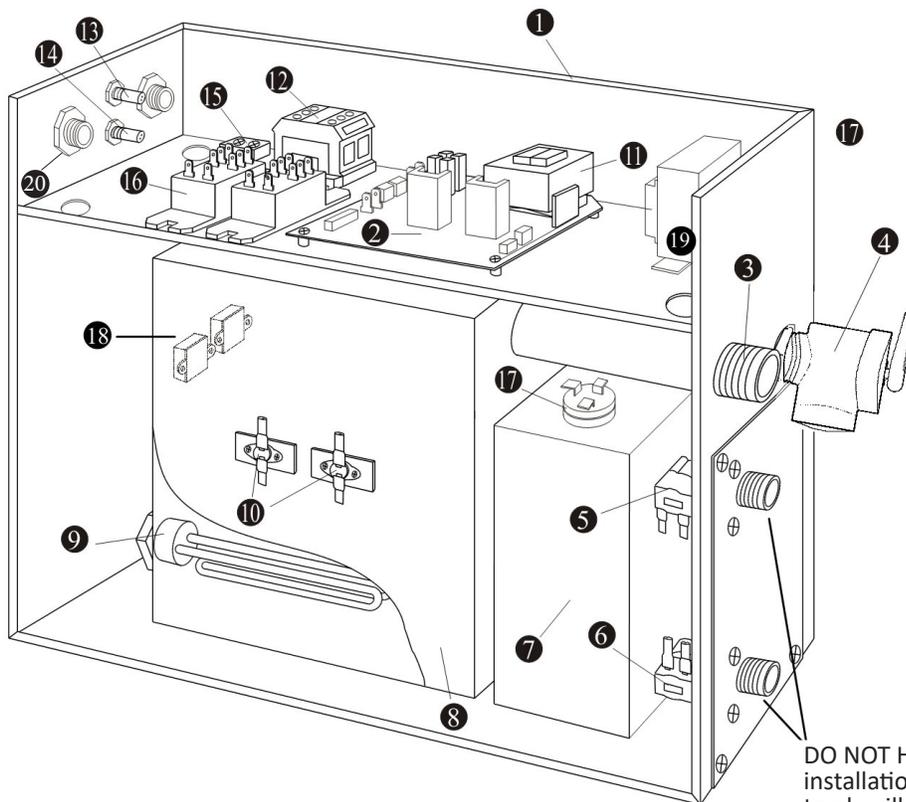

Includes SC-SSIII BL Control
