La sintesi
di un pensiero

*Synthesis of an
evolving idea*

*Die synthese
einer idee*

La nuova famiglia di lavabi Premium costituisce l'evoluzione del pensiero progettuale poliedrico coerente e continuativo, della Catalano, da cui sono nati alcuni dei masterpieces dell'azienda, come Zero e Verso. I lavabi Premium uniscono l'idea di leggerezza e sottigliezza a una linea decisa, data dall'inconfondibile matrice geometrica quadrangolare che conferisce al progetto un carattere contemporaneo e versatile, ideale per adattarsi a molteplici installazioni ed essere inserito in ogni ambientazione.

New washbasins range Premium is the evolution of Catalano's coherent, continuous and multifaceted design philosophy, that gave birth to some of the company's masterpieces such as Verso, and Zero. Premium washbasins combine lightness and subtlety to a clean outline; its unmistakable square matrix gives a contemporary and versatile character to the whole range and make it perfect to fit many kind of installations and any setting.

Die neue Familie der Waschbecken Premium ist die Evolution der kohärenten, kontinuierlichen Vielflächenentwurfsidee von Catalano, aus der einige Meisterstücke des Unternehmens, wie Zero und Verso, entstanden. Die nüchternen, eleganten Waschbecken Premium vereinen die Idee von Leichtigkeit und dünner Wandstärke mit einer entschiedenen Linie. Durch die unverkennbare viereckige Geometrie erhält das Projekt einen modernen, vielseitigen Zug, der sich an viele Installationen und Räume anpassen lässt.

Premium.
L'intelligenza
nella ceramica

*Intelligence
in ceramics*

*Die Intelligenz
in der Keramik*

Tutti i lavabi Premium possono essere installati a sospensione – integrati anche da uno specifico portasciugamani - o ad appoggio, mensole o mobili. Cinque differenti formati (100, 80,60, 50, 40) per una tipologia studiata per rispondere appieno alle richieste dei mercati più esigenti.

Un vero sistema-prodotto industriale, frutto delle tecnologie automatizzate introdotte negli ultimi anni da Catalano.

All Premium washbasins are suitable for wall-hung – with a specific integrated Towel rail - or sit on shelves or cabinets. Five different sizes (100, 80, 60, 50, 40 cm) are designed to fully meet the needs of the most demanding markets. It is a real industrial product-system, resulted from automated technologies introduced by Catalano in recent years.

Alle Waschbecken Premium sind hängend - mit zusätzlicher Handtuchstange - oder aufliegend auf Platten oder Untertischen installierbar. Um der Nachfrage der anspruchsvollsten Märkte nachkommen zu können, sind die Modelle in fünf verschiedenen Formaten (100, 80, 60, 50, 40) erhältlich. Es handelt sich dabei um ein echtes industrielles Produktsystem, das auf die in den letzten Jahren von Catalano eingeführte Automationstechnologien zurückzuführen ist.
